

optiSERV[®]

OPTISERV[®] 700 SERIES HANDS-FREE DISPENSING SYSTEM

optiSERV® FLEXIBILITY BUILT INTO A F

The OptiServ® hands-free dispensing system is ideal for healthcare, food preparation, and high-traffic facilities where cleanliness is highly important. The OptiServ® delivers pre-measured dispensing which encourages users to take only the toweeling that is needed, thereby reducing paper waste. The new upscale and unique design will complement any décor along with Wausau Paper's tissue and soap dispensers. Choose from one of five color choices or custom imprint the OptiServ® with your logo or company name for that special touch.

ADA Title III Compliant

The OptiServ® Dispenser is ADA Title III compliant when installed according to the guidelines outlined in the ADA Standards for Accessible Design. Paper is easily dispensed from the OptiServ® with one hand, with less than 5 lbs of force, and without tight grasping, pinching or twisting of the wrist.

FUNCTIONAL AND ATTRACTIVE DESIGN

The OptiServ® offers flexibility

REVERSIBLE COVER In just a few minutes, the cover can be changed so that it opens from the opposite side

COLOR OPTIONS Available in five translucent colors to complement any facility's design for a coordinated washroom

PAPER VARIETY A variety of towel grades provide customers with choices to meet their preferences and budget

CUSTOM IMPRINTING Showcase your company name or logo for a personalized washroom

HIGH CAPACITY Holds up to 1,000 feet – providing the maximum number of hand dries between change outs

LEVEL INSTALLATION The built-in level saves time measuring and eliminates guesswork during installation

MODULAR DESIGN Dispensing cassette can be replaced without removing the dispenser from the wall

TRANSLUCENT COVER Allows maintenance staff to see at-a-glance when it is time to refill

The OptiServ® promotes cleanliness

HANDS FREE You touch only your personal towel greatly reducing the chance of cross contamination from touching commonly used surfaces

SUPPORTS HACCP The OptiServ® supports the principles of HACCP as an important preventive measure in avoiding cross contamination of food products as it is not required to touch the dispenser for use

LOCKING COVER Towels protected securely away from germs and moisture

REDUCES BACTERIA Paper towels reduce the number of bacteria on hands unlike warm air dryers, which can increase and spread bacteria in the washroom

The OptiServ® is the environmentally preferable choice

CONTROLS USE Each pull dispenses a single 11 inch towel resulting in less waste for a better environmental solution

SELF CONTAINED The OptiServ® does not require any external electricity, wiring or batteries to operate

MAXIMIZES CAPACITY Accommodates up to a four inch stub roll along with a new roll, which self starts after the stub roll is depleted – maximizing dispenser capacity and reducing paper waste

RECYCLED CONTENT The OptiServ® dispenser contains between 25-35% recycled materials

CERTIFIED TOWELS A variety of high-capacity 100% recycled Green Seal™ certified towel choices complement the OptiServ® dispenser in lengths of 800 and 1,000 feet
