

SIMPLY INTELLIGENT HIGH-CAPACITY ELECTRONIC DISPENSING

With twice the capacity of typical electronic towel dispensers, the Alliance™ dispenser by Wausau Paper offers the highest capacity in the industry. Unlike traditional roll towel dispensers, the Alliance™ dispenser's revolutionary design accommodates two full rolls of towels – up to 1,000' each – with no need to move stub rolls, keeping high-traffic areas up and running while reducing maintenance. Combined with EcoSoft®, DublNature® or Artisan™ Green Seal™-certified toweling, Alliance™ offers a new, unique hand-drying experience superior to other systems in the market.
